Installation and Technical Manual

This version of the Greenblock Installation and Technical Manual was published on February 15, 2009. Changes to this document may occur without notice and users should contact Greenblock Worldwide Corporation for the most current printed or downloadable version at www.greenblock.com. It is the users responsibility to always use the most current and up-to-date version of this manual when installing Greenblock products.

This manual was designed to be used as a reference guide only. This manual is not intended to be used as a replacement or substitute for the actual training by an experienced and properly trained Greenblock building professional. Before starting any project, Greenblock recommends that you receive proper training. Greenblock also recommends that you consult with design professionals familiar with the type and scope of project to be built. Training is available by contacting Greenblock Worldwide Corporation at (800) 216-1820.

Greenblock believes the information contained herein to be accurate at the time of writing and preparation. The information has been compiled using sources believed to be reliable. Neither Greenblock nor its employees or representatives make any representation or warranty, either expressed or implied, whether arising by statute, operation of law, custom of trade or otherwise, with respect to the accuracy or completeness of information contained in this document or its fitness for any particular purpose, nor do they assume any liability for damages or injury resulting from the application of such information.

Greenblock assumes no responsibility regarding the use of its products or any other third party products referred to in this document. It is the full responsibility of the user to comply with all applicable regulations and building code requirements concerning the use of these products and any other products outlined in this manual. It is further the responsibility of the user to research and understand safe methods of use and handling of these products. To properly comply with the building codes in your area, contact your local distributor, dealer, or building code inspector.

Thank you for choosing Greenblock.
